DISABILITY INFORMATION AND ACCESS LINE (DIAL)

COVID-19 vaccination support for people with disabilities

Help finding
local vaccination
locations

Assistance with
vaccination
appointments

Connecting
callers to local
support services

Answering
common vaccine
questions

Locating
resources to
address concerns

CONNECT WITH ESSENTIAL SERVICES

The hotline can also connect callers to services that promote independent living and address fundamental needs like food, housing, and transportation.

DIAL was created through a partnership between the Administration for Community Living (ACL) and the Centers for Disease Control and Prevention (CDC) to help older adults and people with disabilities get COVID-19 vaccines. It is run as a collaboration between the National Association of Area Agencies on Aging (n4a) and a group of organizations serving people with disabilities, including:

- Association of Programs for Rural Independent Living (APRIL)
- Association of University Centers on Disabilities (AUCD)
- Independent Living Research Utilization (ILRU)
- National Association of Councils on Developmental Disabilities (NACDD)
- National Council on Independent Living (NCIL)
- National Disabilities Rights Network (NDRN)
- The Partnership for Inclusive Disaster Strategies

Learn more about DIAL at [ACL.gov/dial](https://acl.gov/dial).

ACL is an operating division of the U.S. Department of Health and Human Services.
