ASSISTIVE TECHNOLOGY FOR PARENTS TO HELP YOUR STUDENTS.

FEBRUARY 12TH , 2024
Virtual training – **HIGHLIGHTS OF ASSISTIVE TECHNOLOGY TOOLS**
Join a parent training session designed to empower parents with insights into assistive technology tools. As technology continues to advance, so does its potential to support diverse learning needs. Our session will not only offer a comprehensive overview of available assistive technology tools but also provide practical tips on how to leverage them effectively. **To join the virtual training: scan QR Code above or go to https://meet.google.com/ieg-crtu-mki**

February 26th, 2024
In person training on **GOOGLE ACCESSIBILITY** Get ready for a hands-on experience in our upcoming training session on assistive technology tools, with a special focus on Google accessibility features. Join us for an immersive session where you'll actively engage with Google's accessibility tools. Held at the District Office Boardroom

No pre-registration required.
All D5 community members are welcome.

March 19th, 2024
